About Us:

One Touch delivers products and services that support human efficiency and functionality in the workplace. We support our customers through a high degree of service standards by providing solutions that would enable them to maximize their potentials. To do all these, we are empowered with talented staff, professional sales and technical teams to ensure that projects are executed as planned. We offer local delivery, installation, customer care and other after-sales services to which our company is trained. Finally, Our project management team is highly skilled to plan, execute and commission projects of any nature.

Our Mission:

To be a contractor
Number 1
Of Decor & Internal with External finishing in the world

Our Vision:

Work quality, price and delivery time are the main elements of the company's development strategy which make the One Touch a valued business partner in the global Construction market
